EXPERIENCE

RANGE COMPUTERS GITHUNGURI
COMPUTER REPAIR AND MAINTAINANCE *JUNE 2020 – DECEMBER 2020*

I undertook this during the Corona virus pandemic period as all the educational institutions were currently close and had to find a place where I could practice more in the IT field. This are some of the skills I gained:

- Revamping dead motherboards with a success of 90% of the revamped boards.
- Operating system installation, updating and upgrading.
- Attained vast knowledge in Ubuntu for cyber security.
- Designed, and currently maintaining Chosen generation charity group website currently in GitHub.
- Replacing the non-functioning laptop and desktops hardware parts.
- Drivers, Anti-virus, Office installation and activation.
- E-mail registration, KRA pin, Passport, Driving license application and registration.

SKILLS

- Designing interactive and responsive web pages.
- Querying and managing databases.
- Data analysis with Rstudio and SPSS.
- Marketing and accounting skills.

HOBBIES

- Training with Karate team members.
- Coding and learning new tricks.
- Researching more about codes and how they work.
- Reading novels.
- Listening to music.
- Socializing.

TYPE PERSONAL NAME

STRENGTHS

- I am a first learner and always striving to learn more.
- Am good in designing responsive websites.
- Am good in time management.
- I can work under minimal or no supervision.
- I can work with team member and follow instructions.
- I am flexible and can work at any place any time.
